FOR IMMEDIATE RELEASE

Credit Union Veteran, Joyce Thompson, Teams with Perrari

DOWNINGTOWN, PA – September 28, 2006 – Perrari Solutions Incorporated, a technology consulting firm serving the credit union industry, announced Joyce Thompson has joined the Perrari team as Principal Consultant and Practice Director, focusing on building the credit union practice with an emphasis on Fiserv solutions, especially Fiserv USERS, Summit, and XP Systems.

With a wealth of experience in retail banking, operations, systems management, leadership and sales training, process improvement and project management, Joyce will anchor the credit union practice. “Joyce brings unmatched depth and breadth of experience to our clients,” said Randall Pearson, Perrari’s Managing Principal Consultant. “She has a rich background including senior executive positions in credit unions and other community financial institutions. Adding Joyce’s recent experience as a key leader at USERS makes Perrari the only consultancy with this kind of depth in USERS solutions.” Joyce also has experience with several other Fiserv core solutions including XP and Summit.
